

Dear Parents

As discussed at the Parent Information night, we are running the Perceptual Motor Program (PMP) with the Pre Primary children this year and will be holding a short information session to help you feel confident to volunteer. This program is vital to the development of your children. The program is not able to run without volunteers. We are running this session so that if you are ever able to help you will know what you need to do and what you're looking for the kids to be doing. Although the sessions are fun and relaxed, we all need to make sure we are teaching the children the correct skills. Even if you don't ever think you will be able to help you are more than welcome to join us as we will provide some helpful tips on how you might be able to help your child in particular areas.

If there are any Year One parents who were not able to make it last year we would also love to see you there. You are welcome to join us even if you did come and would just like a refresher!

Details are as follows:

When: Wednesday 8<sup>th</sup> March

Time: 3.10-3.40 (Pre Primary Children and siblings will be supervised by our wonderful Teaching Assistants)

Where: Pre Primary Blue Classroom

We hope you are able to join us on Wednesday 8<sup>th</sup> March at 3.10pm  
Pre Primary Team 😊
