SPEECH THERAPY SCREENING

Dear Parent,

Speech Therapists from Talk-the-Talk will be attending St Damien's Catholic Primary School in Week 8 of this term to provide Speech Therapy Screening for our 4 Year Old Kindergarten students. The aim of this screening is to identify children who are experiencing speech and language difficulties, which may impact on their learning. There is no additional cost for this screening.

Following your child's screening you will receive:

- A recommendation as to whether your child may benefit from therapy.
- A brief summary on your child's performance.
- Home program ideas targeting any areas of need.

Kind regards,

Caroline Leighton

Assistant Principal

12th February 2020

Talk the Talk Speech Pathologists will be attending our school in Week 8 to complete speech screening for the students in 4 Year Old Kindy.

I _____ (parent/guardian) grant permission for _____
(child's name) to participate in the speech screening that will be conducted during school hours.
